**PRESS RELEASE**

**PUBLIC INVITED TO EXPERIENCE LITE'S REVAMPED OPEN HOUSE**

*Next Open House Scheduled for Wednesday, April 2*

March 27, 2008, Lafayette, LA – In a revamp designed to make LITE's open houses easier for the public to participate in, guests will no longer need to call in advance for reservations or put their name on a waiting list to participate, and they can now move through the visualization venues at their own pace.

The open houses include the opportunity to visit with LITE's technical and administrative teams, learn more about 3D visualization and experience demonstrations in several of LITE's visualization venues (including a viewing of the six-sided immersive digital cube).

LITE open houses will continue to be held the first Wednesday of every month and guests are welcome to arrive any time between 3:00pm and 6:00pm. These events are free and open to the public, and all participants must be at least 13 years of age.

For more information, please contact Erin Fitzgerald at 337-735-1348.
